It is expected that the county campaign will open about the middle of September.

The Hon. John W. Lewis is canvassing the eastern counties of the District and everywhere is greeted with large and enthusiastic audiences.

The Fordsville country was blessed with a good rain Sunday evening. We do not envy them but merely wish to be treated likewise and that forthwith.

THERE is to be a big barbecue at Upton, Hardin county, to-morrow, at which the Hon. John W. Lewis will speak. Judge Montgomery is also expected.

Dr. J. D. CLARKE, of Christian county, was nominated for Congress from the Second District in the Democratic Convention at Owensboro last Thursday.

In the idiotic parasites of the Democratic press who are so greatly exercising themselves over Judge Guffy's candidacy, only knew half that able old gentleman has forgotten, how the size of their hats would increase.

On last Monday Mr. John B. Wilson was granted license to practice law. Mr. Wilson is one of Ohio county's brightest and most promising young men. The untiring energy and industry that have characterized him through life will win him abundant success in his chosen field.

In a recent issue the Courier Journal gave vent to the following juicy wail:

One thing alone has the appearance of being certain, and that is that the men now in public life on the Democratic side seem wholly incapable of dealing adequately with the monster of protection and that until we get a new set of Paladins, the castle of Robber Barons, girt around by the moats and dikes of corruption, is safe against the assaults of an army, led by nobles and streaked with treason.

The attention of our readers is called to the letter of Department Commander, Dan O'Kiley, of Leitchfield, giving all needed information regarding extension rates to the National G. A. R. Encampment at Pittsburg in September. Ohio county should be well represented by a number of old soldiers and citizens who should make it a special point to work for Louisville as the place for the Encampment in 1895.

The cause of delay in the Senate and House to pass the tariff bill is believed by many to have been to give the Sugar Trust a chance to import an enormous amount of Sugar free of duty, so they could get the extra profit. Mr. Wilson, the author of the bill, concerning this matter said: "he had been credibly informed that the Sugar Trust had, anticipating the enactment of the Senate Sugar schedule, purchased \$112,000,000 worth of raw sugar. If this was true, he said, the profits accruing to the Trust from this investment, in advance of the enactment of the Senate schedule would be at least \$40,000,000."

This is a pretty good return for the \$500,000 contributed to the Democratic corruption fund in 1892 and reader, remember everytime you pay the extra price for Sugar, that you are contributing to the Sugar Trust fund, to repay them for their efforts and cash used to elect the great fisherman. It is clearly a put up job agreed by the Democracy and the Sugar Trust when the Trust put up the \$500,000.

OHIO COUNTY OIL.

On Tuesday Mr. A. A. Grigley brought to our office a rock containing crude petroleum. He is engaged in digging a well on his farm six miles east of Hartford, and has reached a depth of 23 feet. Monday evening late he made a blast and Tuesday morning went down to see the effects. He noticed while groping around at the bottom of the well that the loose limestone contained some gummy, oily substance and on closer examination found that the substance

was really oil, which had seeped through crevices opened by the blast. Several specimens were brought to town, and there can be no doubt that the rock contains crude petroleum.

It has long been contended that Ohio county is rich in oil and that beside our abundant coal and iron wealth we are living in the midst of unopened oil wells that only await the touch of industry to break forth into riches. This new find is directly on the line surveyed for the L. St. L. & T. Railroad from Fordsville, and in case the find proves of worth as it will do it properly worked the St. Louis & Texas will only be too glad to build the extension.

Rev. Casbeer filled his regular appointment here Saturday and Sunday.

Nothing Strange.

Intelligent people, who realize the importance of the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases Hood's Sarsaparilla is able to cure. So many troubles result from impure blood, the best way to treat them is through the blood. Hood's Sarsaparilla vitalizes the blood.

Hood's Pills are the best after-dinner pills, assist digestion, prevent constipation.

Several of our citizens attended church at Hartford Tuesday night.

Henry Godshaw went to Owensboro Tuesday.

BRECKENRIDGE COUNTY

Robin Hood gives some good hints to Republicans and writes the News from his country.

HARDINSBURG, Ky., Aug. 21, '94.
Attorneys N. McMercer and Maurice Eskridge were in Louisville on legal business last week. Mr. Eskridge was also in Shepherdsville looking after the interest of the bank of Hardinsburg.

Mon. G. W. Jolly and Attorney Allen Deane, of Owensboro, were in town last week on business connected with the Beard and Beeler law suit. The Breckenridge County Teachers' Institute convenes here this week. It will be conducted by Prof. Logan, of Cloverport. Andrew Driskill, the new Superintendent, took charge of his office August 13. He is a Republican and succeeds Mr. Jim Miller, who is a Democrat.

Mr. Allen Smith, formerly a student in the Breckenridge Normal School at this place, arrived here last week to visit friends and attend the Institute.

The Hardinsburg colored base ball team went over to Leitchfield last week, and as predicted in our last letter, won a victory. The score was Hardinsburg: 51 Leitchfield: 14. The Brandenburg colored team came over here last Saturday and were ingloriously defeated. They could not play ball a little bit. The score was as follows: Brandenburg: 5 Hardinsburg: 47.

Mr. T. Graham Eskridge, of the McHenry Coal Company, Louisville, Ky., came home last Saturday and is now in the hands of his friends.

Mrs. G. P. Jolly, Mrs. W. J. Piggott and Miss Margaret Smith, all of whom have been sick of malarial fever, are now convalescent.

A disastrous wreck occurred on the L. H. & W. R. R. last Friday, just above Harned Station. A part of the flange in a drive wheel broke and the engine jumped the track. The rails and ties were torn up for a considerable distance. At one place a piece of steel about three and a-half feet long was shaved off and curled up just like a shaving from a carpenter's plane. When the engine left the track the engineer shut off steam and jumped off. He was not hurt. The fireman, Mr. Wick Deffaveu, of Cloverport, was not so successful. He was preparing to make a leap, but was caught between the tender and cab. He was badly bruised and shaken up. Unless internally injured he will recover from his injuries. The passengers were uninjured. The engine, after plunging head on into a bank, came to a stand still. It was shaken up. Jerry Tilford was conductor of the train.

The Leader at this place is responsible for the statement that W. N. Beauchamp, of Edmonson county, has announced himself as a candidate for the Legislature just one year and a-half before the election. If it is true as stated that Mr. Beauchamp is an announced candidate, he is surely a Republican. Republicans now are simply "freezing" for office. It is not altogether the want of office, however, that brings out that earnest desire to serve the people that is now expressed so fervently by Republicans. Patriotism prompts them to aspire and the fires of patriotism are set burning in a large measure by the thought of the pie to be distributed in '96, when the administration changes hands. The fertile green pastures of Federal patronage appear enchanting to the view of Republican politicians. They desire to feed therein where Democrats now thrive and wax fat, and if Republicans succeed in '96 it will be then as it has been of late years, that scheming politicians looking after interest of self and sell aims, and who falsely profess to have the greatest patriotism, will get the many offices. While the bone and sinew of the party—the men who vote from principle, and conscientiously will be content that their party won, seemingly indifferent to the fact that we are getting to the point where honest Christian gentlemen, accomplished in every respect, are ignored and cast aside. In many instances the places to which they are by rights entitled, are filled by the riff-raff of the country.

The actions of Col. Barnett in establishing Headquarters for the Fourth Congressional District, should receive the hearty commendation of all Republicans over the District. The opening of Headquarters for the county of Ohio by Messrs. Guffy and Gibson shows a spirit of energy that ought by all means to be emulated by all the counties throughout the State. It shows that the Republicans of Ohio county desire a wide-awake organization. It is extremely unfortunate that Republicans in this State have had inefficient organizations. In many counties in the State where elections are close there is practically no organization. In Breckenridge county there was a tremendous hurrah last February when the county ticket was put in the field. Since that time the ardor of Republicans has cooled down wonderfully. There are vacancies in the Committee and the Committee has no well defined line of action mapped out for the county campaign. If there is a call for a meeting of the Committee it is very doubtful whether a quorum would respond or not. The probabilities are, therefore, that the Republicans of this county with everything in their favor, are preparing themselves to meet a veritable Waterloo in November. The candidates are scenting around over the county with nothing seemingly in view, but their own success. They do not consult with the Chairman or the Committee and every thing is moving along in a ver-

ch-shod manner. The gentlemen who have been honored with nominations in the county should remember that they have a great responsibility resting upon them. It is their duty to bring victory to Republican principles in November. That is the reason they were given the nominations. If they do not work to that end they deserve to be beaten. What we want is a Republican victory. This is no time to flirt with our friends the enemy or to dabble with outside issues. Any candidate who resorts to such means betrays his trust. With a good working organization and a strong fight for Republican principles, Republicanism can win in this county. That means that every man on the ticket will be elected if he is personally responsible and if he has the entire confidence of the party. If, however, any man obtains the nomination of the Republican party for any office, and is not fully competent to fill the same, or if his personal character be bad, Republicans should not, and good Republicans will not vote for him. WATERMELON MUSIC.

Last Week a First Time For These Who Love the Juice, Fruit and Who Get into the Wrong Patch.

Last Monday night a week ago Mr. John P. Petty and Miss Mary W. Lett were returning from the camp meeting at Sulphur Springs and when opposite the watermelon patch of Wm. Brown the harness becoming unfastened young Petty got out of the cart to arrange it. When all was ready to drive on he remarked that he would step over and get a watermelon and pay for it next day. He stepped over but failing to find a melon, started back to the cart when the melon was fired upon by Mr. Brown with a shot gun and severely wounded. The young lady being in range also received several shot, but her wounds were only slight. Brown's watermelons had been almost destroyed by some parties a few nights before and he set about getting even. Some of the parties came down to Hartford and swore out a writ for his arrest.

ANOTHER CASE.

Last Thursday while Mr. Albert Brown, living on the Crownwell and Beaver Dam road was guarding his watermelon patch with a shot gun, Elvis Blankenship, a close neighbor boy, walked into the patch to get a melon and Brown fired on him at a long range, however, and though several shot struck the young man he was not severely hurt. A writ has been issued for Brown's arrest. Two more cases are reported, one from Ceralvo and one from Ila, in which it is said, the watermelon hunters carried off lead instead of melons, but we do not know enough of either case to warrant the giving of names. It is said the man who was shot near Ceralvo proposed to the wielder of the fatal shot gun that if the latter would care for him and pay his doctor's bill the wounded man would let the matter drop and that the gunman accepted the proposition instantly.

AND AGAIN.

The Fordsville Star says that Moses Kimbley went to Perry Westerfield's watermelon patch last week and carried away 15 shot from Perry's gun.

This makes no less than a half dozen shot last week while hooking watermelons.

Base Ball Has a Big week and Several Rating Games are Played.

Hartford vs. Beaver Dam, Kids, ---Best Game.

The past week has been one of lively interest in base ball circles, throughout the southern part of the county, at least.

BEAVER DAM VS. HORTON.

The Beaver Dam club went up and played the Hortons on the latter's ground last Saturday and a lively game with an exciting finish was the result. The Beaver Dams were without several of their strongest men and thus played at a disadvantage.

The score at the close of the ninth inning was 23 to 28. In the tenth Horton made four scores and the game was theirs—32 to 28.

HARTFORD VS. BEAVER DAM.

The Hartford kids went out to Beaver Dam on last Friday and these peewees played one of the best games of the season. For that reason they merit a statement of the score which is as follows:

A glance at the score will show no less than seven white washes during the game. Umpire—R. Collins.

HARTFORD VS. BEAVER DAM.

The Beas team came in Saturday evening and played the Hartford at the Fair Ground. There was a good deal of good playing done on both sides and a good deal that was "rotten."

It was a fashionable score as base ball has been usually played in

Capital Sullenger Dead.

The death of Capt. E. L. Sullenger, mention of which is made elsewhere in this issue, calls to mind the fact that this winds up the career of a firm of our most progressive citizens.

We refer to the Steamboat firm of E. L. Sullenger, Jerry Williams and Clarence Hardwick. Jerry Williams having departed this life in January '92, and Clarence Hardwick having followed him in April of the same year.

These citizens about nine years ago agitated the question of making Rough River navigable and through their efforts, energy, enterprise and agitation of this subject, our merchants and shippers became interested and agreed that to put a regular packet on Rough River, trade to connect with Green River streams and the O. & N. railroad at Livermore, would be of immense benefit to our town and Ohio county. The encouragement thus received induced this firm, E. L. Sullenger & Co., to purchase the Steamer, Rosa Belle, which they put in the Rough River trade. This was a great move which proved to be of immense benefit to shippers in saving of money expended for freight.

The C. O. & S. W. railroad realized this fact, by the small amount of cash they were receiving from Hartford for freight, began cutting rates. This with a shallow channel, often times not navigable, and a surrender by our merchants of the great part of their freight business to the C. O. & S. W. railroad, was so great a stroke at this enterprise, as to make it unprofitable. So after running through two seasons the firm abandoned the project and disposed of their steamer.

We mention these facts because our citizens are again agitating the question of Rough River navigation; purchasing a Steamboat, &c., as well as to remind our people that to the firm of E. L. Sullenger & Co. our town will ever be indebted, as it was by, and through them that Hartford secured much lower freight and as even now getting her freights laid down here, at a lower rate than merchants of Beaver Dam pay for them at their depot.

Peace to the memory of the three departed citizens who composed the firm of E. L. Sullenger & Co. and may we all live to see such another enterprising firm in our town, is our sincere desire.

In Memoriam.

We laid the sparkling casket down, On its last dark and silent shore, There trembling forms could gather 'round And see the face they would see no more.

His parents stood beside the shrine That now contains their precious gem And wept that the grave must now confine, This babe which was the world to them.

Little Other than hast left us, Here thy loss we deeply feel, But 'tis God who has bereft us, He can still our sorrows heal.

Sleep on dear Other and take thy rest, God called the home, he knoweth best, Sleep on, sleep on, through ages sleep,

And o'er thy grave may myrth creep, By his cousin, SUSIE BOWMAN.

In Memory.

Died, August 3, 1894, little Tommy Bratcher, the three-year-old son of Van and Mamie Bratcher, near Jones Station. As it has been the will of God to visit the home of our friends and take away our darling little boy, we hope and feel that they will realize that their loss is God's gain and, oh, what a grand and glorious thought it is to us to know that our loved ones are rest in a Savior's arms. So God saw fit to take little Tommy from the family circle and place him in a heavenly home, let us be reconciled and prepare to meet him in the sweet beyond, where parting will be no more and death is never known. So as the sun went down in the evening, the life went out of little Tommy to a land beyond the skies, where there is no death. Let us live the life of the righteous, and when the kind angel calls for us at God's command, we can close our eyes and sleep the sweet sleep in our undisturbed repose until the Resurrection Morn.

Sleep on little darling and take thy rest, God called thee home when he thought best.

"What's the matter that there is no dinner ready?" asked the labor leader. "The cook quit," replied his wife, leaning back in her chair fanning gently. "Why didn't you get it ready yourself? You know how well enough." "Me! I'm out on a sympathetic strike with the cook!"—[Indianapolis Journal.

Writes About the C. N. C. and her trip to Frankfurt-Beginning August 17.

WILLARD, Ky., Aug. 20, 94.

EDITOR REPUBLICAN:—I have my school now in good progress; my room arranged and other tasks done sufficiently to take a few minutes to write you a few lines.

Commencement exercises of the C. N. C. passed off very pleasantly. The graduating orations were all exceptionally good and well delivered. The other features of the Commencement were equally as excellent, and we all said good by, after the banquet with sad hearts, if not tearful eyes. Many of us had worked together for two years, and to say good by to them, to the Faculty, whom we have learned to love for what they have done for us, and to the places that have grown dear from long association, and to go among strangers is a task that will shake the courage of the bravest, but the stern force of necessity always brings with it a power to endure its demands, and so to-day, hope and pleasure live and the future looks bright in spite of the fact that the happiest time of life is past—school days are over.

I left Danville Monday August 2, and arrived in Frankfort at 8 p. m. the same day. The next two days were devoted to writing on examination and seeing what I could of Frankfort. In this way the time passed off rapidly until Friday morning, and after spending an hour or two looking through a part of the State House I repaired to Superintendent Thompson's office to hear the result of my examination. You may be sure I was pleased to be handed a State Teachers' certificate, for I had learned to know from what I had seen elsewhere that if I got a certificate I would have to deserve it. I found Superintendent Thompson and both Messrs. Fuqua and Albert to be very pleasant gentlemen, but what I liked most about them was that they were hard at work all the time.

I had the pleasure of meeting, while there, Gov. Brown and nearly all the State officers, all of whom I found to be very pleasant. I think Frankfort a very pretty and romantic place and I came away feeling that I would like to stay there forever if I had plenty of money.

I left Frankfort Thursday at 11 a. m. and arrived at Willard at 5 p. m. I began school Monday morning, Aug. 17 and have taught one week and like my work very much. My teachers are all ladies and very pleasant and efficient ones.

Willard is a little out of the way looking place, situated between two hills, on the Eastern Kentucky R. R., twelve miles from Grayson, the county seat of Carter county. The people I have met are very pleasant and all seem greatly interested in school work. All together I am very well pleased with my work, but I would like it better if I was teaching under the Superintendent I used to teach under at my old home, but I hope I will find my Superintendent very nice and efficient.

I would be glad to have some of the Ohio county teachers visit my school this year, and especially would I like for you to come and make us a speech on education. Mr. Editor, can't you? Come by Lexington and the scenery will pay you for your trip. I never saw rough country before, but it is grand.

Times are dull here and everybody is complaining of the hard times. It rained and hailed here yesterday and we are hoping for cooler weather now.

The politics of Willard is Republican, so I guess I will have to hold my tongue while I am here. GRAZIA.

Counting.

Ford's Metropolitan Dramatic Company, supporting the popular actor, Clint G. Ford, will be at the Court House, Hartford, next Monday, August 27, and remain one week. Each night's program will be interesting throughout.

You cannot afford to miss this, as Mr. Ford is an Ohio county boy, who has achieved success in the theatrical world. Newspapers throughout the United States speak in glowing terms of Mr. Ford and his company. The admission will be so low as to be in the reach of all—15, 25 and 35 cents.

The Brooklyn Eagle speaks of Mr. Ford as follows:

"The popular actor, Mr. Clint G. Ford, supported by his own excellent company, appeared at the opera house last week. Mr. Ford is the strongest impersonator and character comedian that has appeared in our city. The wardrobe worn by the company was very handsome."

Material and other atmospheric influences are best counteracted by keeping the blood pure and vigorous with Ayer's Sarsaparilla. A little caution in this respect may prevent serious illness at this season. Ayer's Sarsaparilla is the best all-the-year-round medicine in existence.

The vacancies in the faculty of Hartford College will be filled by Messrs. J. C. Pirtle and W. H. Settle, of Upton, Ky., who will have charge of Penmanship and Telegraphy. These are able young men and the management is to be congratulated on securing their services.

Shuttle Coombes.

A large number of well wishing and admiring friends gathered in the capacious double parlors at the residence of Mrs. Rebecca Vaughn at 9:15 o'clock Wednesday morning to witness the marriage of her niece, Miss Katie Coombes, to Prof. O. M. Shultz.

The happy couple walked into the room at 9:30 as Miss Margaret Nall played the beautiful wedding march.

The bride wore a dress of soft gray woolen combined with heliotrope and never looked more lovely. The groom wore a faultless suit of black. Rev. Willis Smith, of Owensboro, pronounced the beautiful impressive ceremony that joined the glad young lives in one.

After the congratulations of friends the bride and groom left for his father's in the country, where they will spend the remainder of the week, returning to Hartford Sunday, where on Monday they will enter upon their work as teachers in Hartford College.

Beside the bride and groom the bridal party consisted of the following named: Mr. T. J. Morton and Miss Ruth Coombes, Mr. G. B. Likens and Miss Mary Rander, Mr. Z. H. Shultz and Miss Josie Vaughn, Mr. and Mrs. Endicott.
